Dept./Agy.: Revenue

Subject: Suspends Business Utilities Sales Tax Exemption for 1 year Analyst: Deborah Vivien

TAX/SALES & USE OR +\$421,000,000 GF RV See Note

Suspends the state sales and use tax exemption for business utilities

<u>Current law</u> exempts from 4% state sales tax the purchase of electricity, steam and water by industrial users (business utilities).

Proposed law suspends the business utilities exemptions during FY 16.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

The bill is estimated to increase SGF by about \$421M in FY 16. State sales tax on business utilities is imposed (though currently exempted) at a rate of 3.97% to the state and 0.03% dedicated to the Tourism Promotion District. In addition, vendor compensation of 0.935% of sales tax remitted is retained for timely payment. According to the Tax Exemption Budget estimate for FY 16, which assumes a 2% growth rate from FY 14 reported exemptions, suspending the business utilities exemptions would generate an estimated \$429M in Sales Tax Revenue with \$7.2M dedicated as TPD or retained as vendor compensation. As a result, \$421M is the net estimate of the SGF increase due to this bill.

Estimated Increase in Sales Tax Revenue \$428,604,000

less:
Tourism Promotion District Dedication (3,214,530)

Additional Vendor's Compensation (4,007,447)

Net SGF Increase from Business Utilities Exemption Suspension \$421,000,000 (rounded)

Collections are likely to be low in the first month or two of this suspension, then ramp up as compliance improves. A material portion of what is foregone at the beginning of the fiscal year will be recouped in the accrual period at the end of the fiscal year.
