Provides relative to roles of human services authorities and districts in implementation of the Developmental Disability Law

<u>Present law</u> known as the "Developmental Disability Law" (R.S. 28:451.1 et seq.) provides for a statewide system of services to be administered by the office for citizens with developmental disabilities of the Department of Health and Hospitals (DHH). Besides technical changes, the <u>proposed law</u> changes the <u>present law</u> as follows: (1) Changes the definition of a human services authority or district; (2) Deletes references to "regional" and "regional office"; (3) Deletes references to state developmental centers that are no longer state-operated; (4) Amends provisions referring to certain advisory committees and planning processes to specify that such groups and functions are local instead of regional; and (5) Clarifies roles and responsibilities of human services authorities and districts within the developmental disabilities services system.
