

2015 Regular Session

HOUSE RESOLUTION NO. 177

BY REPRESENTATIVE STUART BISHOP

COASTAL RESOURCES: Urges and requests the division of administration and the Coastal Protection and Restoration Authority to study the feasibility of using alternative delivery methods for large scale coastal restoration projects

1 A RESOLUTION

2 To urge and request the division of administration and the Coastal Protection and
3 Restoration Authority to fully explore the construction manager at risk project
4 delivery and procurement process, and to utilize it to its fullest capability, in order
5 to expedite the commencement and delivery of multiple large scale coastal
6 restoration projects previously identified by the Coastal Protection and Restoration
7 Authority as necessary to address the state's immediate coastal erosion threat.

8 WHEREAS, the legislature has previously enacted legislation authorizing use of the
9 Construction Manager at Risk (CMAR) procurement process to expedite the delivery of
10 infrastructure and construction projects for public entities in Louisiana; and

11 WHEREAS, the CMAR process has been an effective tool to leverage and
12 incentivize the competencies of the construction industry in Louisiana, as well as to reduce
13 the project delivery time on large scale construction projects authorized by public entities;
14 and

15 WHEREAS, Louisiana has an urgent and widespread need to commence numerous
16 coastal restoration projects that have been identified by the Coastal Protection and
17 Restoration Authority in order to avoid further irreparable loss of its fragile coastal
18 marshland.

19 THEREFORE, BE IT RESOLVED that the House of Representatives of the
20 Legislature of Louisiana does hereby request that the division of administration and the

1 Coastal Protection and Restoration Authority fully explore the construction manager at risk
2 procurement process project delivery and procurement process, and utilize it to its fullest
3 capability, to expedite the commencement and delivery of multiple large scale coastal
4 restoration projects previously identified by Coastal Protection and Restoration Authority
5 as necessary to address the state's immediate coastal erosion threat.

6 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the
7 commissioner of administration and the governor's executive assistant for coastal activities.
