HOUSE BILL NO. 150

BY REPRESENTATIVE TALBOT

SUCCESSION/FORCED HEIRS: Provides relative to children conceived through gamete donation

1 AN ACT

2 To amend and reenact R.S. 9:133 and to enact Civil Code Article 1493.1, relative to forced
3 heirship; to provide relative to children conceived through gamete donation; to
4 provide relative to inheritance rights; and to provide for related matters.

5 Be it enacted by the Legislature of Louisiana:

6 Section 1. Civil Code Article 1493.1 is hereby enacted to read as follows:

7 Art. 1493.1. Children conceived through donation of gametes

8 Any child conceived from the use of gametes donated by an individual shall
9 not be deemed a forced heir of that individual.

10 Section 2. R.S. 9:133 is hereby amended and reenacted to read as follows:

11 §133. Inheritance rights

12 Inheritance rights will not flow to the in vitro fertilized ovum as a juridical
13 person, unless the in vitro fertilized ovum develops into an unborn child that is born
14 in a live birth, or at any other time when rights attach to an unborn child in
15 accordance with law. As a juridical person, the embryo or child born as a result of
16 in vitro fertilization and in vitro fertilized ovum donation to another couple does not
17 retain its inheritance rights from the in vitro fertilization patients or the donors of the
18 gametes used in the in vitro fertilization process.

Abstract: Provides that children conceived through donated gametes shall not be forced heirs of the individual donors.

Present law provides that as a juridical person, an embryo or child born as a result of in vitro fertilization and in vitro fertilization ovum donation does not retain any inheritance rights from the in vitro fertilization patients.

Proposed law retains present law and provides that a child conceived by gametes donated shall not be a forced heir of the individual donors of the gametes used in the in vitro fertilization process.
