Abstract: Provides for disclosure of information to property owners whose property is subject to expropriation.

Present law provides procedures for expropriation by expropriating authorities, including the state or its political corporations or subdivisions, and domestic or foreign corporations, limited liability companies, or other legal entities engaged in the construction of railroads, toll roads, navigation canals, waterworks, filtration and treating plants, sewerage plants, piping, marketing and transportation of natural gas for the purpose of supplying the public with natural gas, transmitting intelligence by telegraph or telephone, and various other public utilities.

Present law requires disclosure of certain information before exercising the right of expropriation, including the appraisal of the compensation due the landowner and the purpose, terms, and conditions of the proposed acquisition.

Proposed law (R.S. 19:2.2(B)) retains present law and provides for additional disclosures of information to property owners by expropriating authorities, other than the state or its political subdivisions, prior to the making of an offer to acquire an interest in property.

(Amends R.S. 19:2.2(B) and (C); Adds R.S. 19:2.2(D))
