(b)(i) Except as provided in R.S. 44:17, a patient or his legal representative, or in the case of a deceased patient, the executor of his will, the administrator of his estate, the surviving spouse, the parents, or the children of the deceased patient, or after a claim has been made, the insurance company or its counsel, or, after suit has been instituted, defense counsel or a defendant seeking any treatment record, including but not limited to any medical, hospital, laboratory,
invoice or billing statement, or other record, including test results, relating to or
generated as a result of or in connection to the patient's medical treatment, history,
or condition, either personally or through an attorney, shall have a right to obtain a
copy of the entirety of the records in the form by which they are generated in which
they are stored, except microfilm, upon furnishing a signed authorization. If the
original treatment records are generated, maintained, or stored in paper form, paper
or digital copies shall be provided upon payment of a reasonable copying charge, not
to exceed one dollar per page for the first twenty-five pages, fifty cents per page for
twenty-six to three hundred fifty pages, and twenty-five cents per page thereafter, a
handling charge not to exceed twenty-five dollars for hospitals, nursing homes, and
other health care providers, and actual postage. The charges set forth in this Section
shall be applied to all persons and legal entities duly authorized by the patient to
obtain a copy of their medical records. If treatment records are generated,
maintained, or stored in digital format in the health care providers' electronic health
record, copies may be requested to be provided in digital format and charged at the
rate provided by this Item; however, the charges for providing digital copies stored
in digital format shall not exceed one hundred dollars, including plus all postage and
handling charges actually incurred. If the treatment records are stored in both digital
form and paper form, the maximum limit of one hundred dollars shall only apply to
the portion of records stored in digital form. If requested, the health care provider
shall provide the requestor, at no extra charge, a certification page setting forth the
extent of the completeness of records on file. In the event a hospital record is not
complete, the copy of the records furnished shall indicate, through a stamp,
coversheet, or otherwise, the extent of completeness of the records. Each request for
records submitted by the patient or other person authorized to request records
pursuant to the provisions of this Subparagraph shall be subject to only one handling
charge, and the health care provider shall not divide the separate requests for
different types of records, including but not limited to billing or invoice statements.
The health care provider or person or legal entity providing records on behalf of the
health care provider shall not charge any other fee which is not specifically
authorized by the provisions of this Subparagraph, except for notary fees and fees for
expedited requests as contracted by the parties.

(ii) The individuals authorized to obtain medical records pursuant to Item (i)
of this Subparagraph shall also have the right to obtain copies of patient X-rays, and
other imaging media, upon payment of reasonable reproduction costs and a handling
charge of twenty dollars for hospitals and ten dollars for other health care providers.
If the patient X-rays and other imaging media are generated, maintained, or stored
in digital format, copies may be requested to be provided in digital format and
charged at the rate provided by this Item; however, the charges for providing digital
imaging media copies shall not exceed two hundred dollars, including all
postage and handling charges actually incurred. If requested, the health care
provider shall provide the requestor, at no extra charge, a certification page setting
forth the completeness of the X-rays and other imaging media on file. In the event
hospital patient X-rays and other imaging media are not complete, the copies
furnished shall indicate, through a stamp, coversheet, or otherwise, the extent of the
completeness of the records. Each request for copies of patient X-rays and other
imaging media submitted by the patient or other person authorized to request records
pursuant to Item (i) of this Subparagraph shall not be considered a separate request
and are subject to only one handling charge, and the health care provider shall not
divide the requests for different types of X-rays and other imaging media. The
health care provider shall not charge any other fee which is not specifically
authorized by the provisions of this Subparagraph, except for notary fees and fees for
expedited requests as contracted by the parties.

HB 537 Original 2016 Regular Session Garofalo

Abstract: Provides for the maximum charges for obtaining copies of medical records.

Present law provides that each health care provider shall furnish each patient, upon request of the patient, a copy of any information related to the patient which the health care provider has transmitted to any company, or public or private agency, or person.

Present law provides that medical records of a patient maintained in a health care provider's office are the property and business records of the health care provider.

Present law provides that a patient, his legal representative, and certain other persons shall have a right to obtain a copy of the entirety of the medical records in the form by which they are generated. If the original treatment records are generated, maintained, or stored in paper form, copies shall be provided upon payment of a reasonable copying charge as further specified in present law.

Proposed law provides that a patient, his legal representative, and certain other persons shall have a right to obtain a copy of the entirety of the medical records in the form by which they are stored.

Present law provides that if records are generated, maintained, or stored in paper form, copies shall be provided upon payment of a copying charge as provided by present law.

Proposed law provides that if records are stored in paper form, paper or digital copies shall be provided upon payment of a copying charge as provided by present law.

Present law provides that if records are generated, maintained, or stored in digital format, copies may be requested in digital format and charged as provided by present law.

Proposed law provides that if records are stored in digital format in the health care provider's electronic health record, copies may be requested in digital format and charged as provided by present law, but also specifies that the maximum $100 charge only applies to copies stored in digital format.

Present law provides that the maximum authorized charges of $100 for records and $200 for X-rays and other imaging includes all postage and handling.

Proposed law excludes postage and handling from the $100 and $200 maximum charges.

Proposed law provides that if the treatment records are stored in both digital form and paper form, the maximum limit of $100 shall only apply to the portion of records stored in digital form.

CODING: Words in struck through type are deletions from existing law; words underscored are additions.
Proposed law provides that, beginning on July 1, 2016, the maximum fees provided by present law are subject to annual adjustments based on the most recent changes to the consumer price index.
