10           (3) Notwithstanding any other provision of law to the contrary, in the city  
11           of Crowley a vacant position in the police department shall be filled in the following  
12           manner:

13           (a) If a vacancy cannot be filled by reinstatement or by reemployment as  
14           provided in Subsections A and B of this Section, the board shall next certify the  
15           names of the persons on the promotional list, in the order in which they appear  
16           thereon, for the class in which the vacancy is to be filled.

17           (b) The appointing authority shall select and appoint to the first vacancy to  
18           be filled the one person certified to him who has the greatest promotional seniority  
19           in the next lower class. Any remaining positions to be filled in the same class shall  
20           be filled by appointing to each such successive vacancy the one of the remaining  
21           persons certified therefor who has the next highest promotional seniority in the next  
22           lower class.

23           (c) If any one or more persons so certified should refuse the appointment, the  
24           appointing authority shall then select and appoint one of the persons certified by the  
25           board with the next highest promotional seniority in the next lower class. This  
26           procedure shall be followed until the position has been filled by appointment of the  
27           one person who has the greatest promotional seniority in the next lower class and  
28           who is willing to accept the appointment or until each person whose name appears  
29           on the list, has in this order been certified and offered an appointment to the vacancy.

Present law, relative to both systems, provides that a municipal fire and police civil service board is created in the municipal government. Requires the board to establish and maintain employment lists containing the names of persons eligible for appointment to various classes of positions in the classified service. Requires that names of persons attaining a passing score on a promotion test be placed on the promotion employment list for the tested class, from highest to lowest, according to their total "departmental seniority". When new names are to be placed on a promotion list for a given class, the remaining names must be arranged in the same manner according to "departmental seniority".

Present law adds an exception for the Lake Charles Police Dept. by requiring that names be placed on the promotion employment list for the tested class, from highest to lowest, according to their "promotional seniority". If two or more persons possess an equal amount of "promotional seniority", then the names must be placed on the promotion employment list, from highest to lowest, according to "departmental seniority". When new names are to be placed on a promotion employment list for a given class, the remaining names must be arranged in the same manner.

Proposed law retains present law and provides an additional exception for the Crowley Police Dept. by requiring that the names be placed on the promotion employment lists in the same manner as provided in present law for the Lake Charles Police Dept.

Present law requires that promotions to vacant positions be filled by reinstatement or reemployment. If the position cannot be filled in this manner, then the position must be filled by the person with the greatest seniority in departmental service.

Present law makes an exception for the Lake Charles Police Dept. as follows:

- (1) If a vacancy cannot be filled by reinstatement or reemployment then the names of persons on the promotional list are to be certified in the order in which they appear on the list for the class in which the vacancy is to be filled.
- (2) Appointment for the first vacancy is to be made with the person having the greatest "promotional seniority" in the next lower rank. Remaining positions to be filled are to be filled by appointing to each succeeding vacancy, the person who is certified to have the next highest "promotional seniority" in the next lower class.
- (3) If an appointment is refused then the person certified with the next highest "promotional seniority" in the next lower class is to be selected.
- (4) If two or more persons possess an equal amount of "promotional seniority" in a class, then those employees are to be placed on the promotional list in order of their "departmental seniority" from highest to lowest.

Proposed law retains present law and makes an additional exception for the Crowley Police Dept. Requires the department to fill vacancies in the same manner as provided in present law for the Lake Charles Police Dept.

Present law, relative to the abolition of an entire class in the classified service, requires that the regular employees of the class be demoted to lower classes and priority to positions be governed by total seniority earned in the departmental service, from highest to lowest.

Present law provides an exception to the Lake Charles Police Dept. by requiring that priority to positions be governed by total "promotional seniority" earned in the class, from highest to lowest. Provides that if two or more employees possess an equal amount of "promotional seniority", the names of those persons must be placed on the promotional list in order of "departmental seniority", from highest to lowest.

Proposed law retains present law and makes an additional exception for the Crowley Police Dept. Requires that priority to positions be governed in the same manner as provided in present law for the Lake Charles Police Dept.
