Provides relative to certain rebate programs

Act 800 of the 2012 session authorized the state to contract with procurement processing companies that generate transactions on products that are not required to enter the state, but are presumably subject to LA state sales tax. A portion of the associated sales tax is to be rebated back to the procurement processing company. The State's net proceeds are dedicated to a variety purposes and support the general fund.

This bill makes an immaterial wording change to the definition of "new taxable sales".
