EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

An official with the Superintendent’s office indicated that they already employ officers to enforce certain municipal codes. This bill would authorize these officers to direct traffic (as one of their duties) after receiving appropriate training. We were informed that training (as provided for in this bill) is already provided. Therefore, the bill creates no new expenditure of local funds.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
