

2016 Regular Session

SENATE BILL NO. 423

BY SENATOR WALSWORTH

SOLID WASTE. Provides relative to waste tires. (gov sig)

AN ACT

To amend and reenact R.S. 30:2418(I)(2), relative to waste tires; to provide for payments to waste tire processing facilities for recycled waste tire material; to provide terms, conditions, and requirements; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 30:2418(I)(2) is hereby amended and reenacted to read as follows:

§2418. Waste tires

* * *

I.(1) * * *

(2)(a) A permitted waste tire processing facility shall be paid ~~a minimum of seven and a half cents~~ **based on either** per pound of waste tire material that is recycled or that reaches end market uses or per pound of whole waste tires that are recycled or that reaches end market uses: **a minimum amount as follows:**

(i) Nine and a half cents for processing waste tires that removes the steel and tire cord and produces crumb rubber with a granular consistency.

(ii) Seven and half cents for processing waste tires that produces a shredded rubber no larger than five inch by five inch.

(iii) Five and a half cents for processing waste tires to the minimum required by R.S. 30:2412(31).

(b) This ~~The~~ payment **provided for in this Paragraph** shall be made to the facility on or before the twelfth day of the month following the submission of the request for payment and shall be conditioned on the facility providing to the department any documentation, including but not limited to manifests, statements, or certified scale-weight tickets, required by law or by rules and regulations promulgated by the department.

* * *

Section 2. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by McHenry Lee.

DIGEST

SB 423 Original

2016 Regular Session

Walsworth

Present law provides that waste tire processing facilities will be paid a minimum of seven and a half cents per pound of waste tire material that is recycled or that reaches end market uses or per pound of whole waste tires that recycled or that reaches end market uses.

Proposed law changes the payment to waste tire processing facilities for waste tire material that is recycled to the following:

- (1) Nine and a half cents for processing waste tires that removes the steel and tire cord and produces crumb rubber with a granular consistency.
- (2) Seven and a half cents for processing waste tires that produces a shredded rubber no larger than five inch by five inch.
- (3) Five and a half cents for processing waste tires to the minimum requires by present law.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 30:2418(I)(2))
