SB 146 Engrossed

DIGEST
2016 Regular Session

Gatti

Proposed law provides that notwithstanding any other provision of law to the contrary, including but not limited to R.S. 17:3139.5(B)(2)(f), no public postsecondary educational institution shall undertake a project for the construction, purchase, acquisition, development, renovation, relocation, equipping or improving public works, land, buildings, capital improvements, or other facilities until all projects for the repair, renovation or maintenance of buildings or other facilities, otherwise known as deferred maintenance as contained in the deferred maintenance formula adopted by the Board of Regents, by or on the campus or other facility of a public postsecondary educational institution have been undertaken and completed unless the project is necessary for the institution to maintain its accreditation. Proposed law shall not prohibit any project funded totally by funds donated to either the public post secondary educational institution or to a nonprofit organization affiliated with the public postsecondary educational institution nor the continuation of any project commenced prior to August 1, 2016.

Proposed law provides that before completion of construction, purchase, acquisition, development, renovation, relocation, equipping or improving of any project funded totally by funds donated to the public postsecondary educational institution subject to the provisions of proposed law, an amount of no less than ten percent of the total project cost shall be deposited and held in a special account to be used solely for the deferred maintenance of the project. Failure to follow the provisions of proposed law shall result in a three-year waiver of all capital outlay funds for the public postsecondary educational institution, except for emergency projects.

Present law authorizes the Joint Legislative Committee on Capital Outlay to make recommendations to the commissioner of administration concerning the nonstate entity projects to be granted lines of credit at the State Bond Commission. The commissioner of administration is required to submit to the Joint Legislative Committee on Capital Outlay a list of projects that will be submitted to the State Bond Commission for lines of credit a minimum of five days prior to the submission to the State Bond Commission.

Proposed law retains present law but provides that the commissioner of administration shall not include on the list of projects to be submitted to the Joint Legislative Committee on Capital Outlay and to the State Bond Commission for a line of credit, any project of a public postsecondary educational institution for the construction, purchase, acquisition, development, renovation, relocation, equipping, or improving of public works, land, buildings, capital improvements, or other facilities until all projects for the repair, renovation or maintenance of buildings or other facilities, otherwise known as deferred maintenance, by or on the campus or other facility of the public postsecondary educational institution have been undertaken and completed as certified by the appropriate managing board to the commissioner of administration. The provisions of proposed law

shall not apply to any project commenced prior to August 1, 2016 or any line of credit approved prior to August 1, 2016.

Effective August 1, 2016.

(Amends R.S. 39:122(A); adds R.S. 39:104(D))

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Revenue and Fiscal Affairs to the original bill

1. Provides reference as to what is considered deferred maintenance.
2. Provides an exception for improvements that are necessary for a post secondary institution to maintain its accreditation.
3. Provides for a special fund to cover the cost of deferred maintenance for projects that are funded by donations.
4. Exempts certain projects commenced and lines of credit issued prior to August 1, 2016, from the list of projects that shall not be submitted to the Joint Legislative Committee on Capital Outlay and to the State Bond Commission.
