HB 940 Engrossed

2016 Regular Session

Gaines

Abstract: Requires that student ID cards issued to college students contain various elements such that it will serve as an identification card for voting purposes.

Present law requires individuals to identify themselves as a prerequisite to voting and provides that acceptable means of identification are a La. driver's license, a La. special identification card, or other generally recognized picture identification card that contains the person's name and signature. Provides for alternatives if a person has none of these items. Proposed law retains present law.

Proposed law requires each public postsecondary management board to ensure that a student identification card issued by a public postsecondary education institution under its jurisdiction contains the elements required for voting purposes.
