CONSERVATION: Provides for financial security required by applicants for drilling
permits

1 AN ACT

2 To enact R.S. 30:4.3, relative to financial security required by the commissioner of
3 conservation; to provide for financial security required to conduct certain oil and gas
4 activity; to authorize the commissioner of conservation to promulgate rules and
5 regulations; to provide for required amounts; to provide for exemptions; to provide
6 for an effective date; and to provide for related matters.

7 Be it enacted by the Legislature of Louisiana:

8 Section 1. R.S. 30:4.3 is hereby enacted to read as follows:

9 §4.3. Financial Security

10 A. As required by R.S. 30:4, an applicant for a permit to drill or to amend
11 a permit to drill for change of operator shall provide financial security as provided
12 in this Section in a form acceptable to the commissioner. For an application for a
13 permit to drill, the security shall be provided within thirty days of the completion
14 date or from the date the operator is notified that financial security is required. For
15 an application to amend a permit to drill for a change of operator, the security shall
16 be provided as required by this Section or by establishing a site specific trust account
17 in accordance with R.S. 30:88 prior to the operator change.

18 B.(1) Except as provided in Paragraph 2 of this Subsection, the amount of the
19 financial security shall be provided for in rules and regulations promulgated by the

1 commissioner in accordance with the Administrative Procedure Act. The amounts
2 may be on an individual well or multiple well basis and may be categorized based
3 on the well's location.

4 (2)(a) For an individual well located on land of a depth equal to or less than
5 three thousand feet, the financial security required shall be no more than two dollars
6 per foot.

7 (b) For multiple wells located on land, the financial security required shall
8 be no more than twenty-five thousand dollars for ten or fewer wells, one hundred
9 twenty-five thousand dollars for eleven to ninety-nine wells, or two hundred fifty
10 thousand dollars for one hundred or more wells.

11 C. Operators shall not be required to provide financial security in the
12 following circumstances:

13 (1) All wells exempt from financial security prior September 1, 2015, shall
14 remain exempt so long as they remain with their current operator or the operator's
15 immediate family as defined in R.S. 42:1102(13). A change of name by an operator
16 of record through acquisition, merger, or otherwise does not preclude said successor
17 operator from maintaining the exemption described herein.

18 (2) Any well declared to be orphan by the commissioner or any well held by
19 another operator and subsequently transferred to an operator who has no outstanding
20 violations and who has a record of compliance with applicable statutory
21 requirements and the rules and regulations of the office of conservation for a period
22 of forty-eight months immediately prior to the transfer.

23 (3) A well by an operator who has an agreement with the office of
24 conservation to plug a well that has been declared orphan by the commissioner and
25 that orphaned well is similar to the proposed in terms of depth and location.

26 Section 2. This Act shall become effective upon signature by the governor or, if not
27 signed by the governor, upon expiration of the time for bills to become law without signature
28 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If

1 vetoed by the governor and subsequently approved by the legislature, this Act shall become
2 effective on the day following such approval.

HB 632 Engrossed 2016 Regular Session Jim Morris

Abstract: Provides for financial security requirements of certain drilling permit applicants.

Proposed law requires an applicant provide financial security for a permit to drill or to amend a permit to drill for a change of operator in a form acceptable to the commissioner.

Proposed law requires that an applicant for a permit to drill provide security within 30 days of the completion date or from the date the operator is notified that financial security is required.

Proposed law requires that an applicant to amend a permit to drill for a change of operator provide the security as required by proposed law or by establishing a site specific trust account prior to the operator change.

Proposed law provides that the amount of financial security required shall be provided for in rules and regulations promulgated by the commissioner of conservation and may be on individual wells or multiple wells and categorized by location. However, proposed law sets the amount of required financial security for an individual well located on land of a depth equal to or less than 3,000 feet at no more than \$2 per foot.

Proposed law also sets the financial security of wells located on land based on the number of wells as follows:

Number of Wells	Amount
<10	\$ 25,000
11 - 99	\$125,000
>100	\$250,000

Proposed law provides for exceptions from the financial security requirements for wells exempt before Sept. 1, 2015 and have the same operator or immediate family, orphaned wells or wells held by another operator transferred to a good history with the office, and wells where the operator has plugged a like well from the orphaned list pursuant to an agreement with the office.

Effective upon signature of governor or lapse of time for gubernatorial action.
