EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Implementation of this bill will not reduce SGF expenditures. However, it does provide for a revenue source to cover the investigative costs associated with background information on pardon applicants.

Note: Below are the current and prior years totals for clemency investigations completed.

FY 16 is 196 (Year-To Date)

FY 15 was 122 FY 14 was 139 FY 13 was 106

REVENUE EXPLANATION

This legislation may result in an indeterminable increase in Fees & Self-generated Revenues as it establishes a maximum fee of \$150 to conduct clemency investigations.

For illustrative purposes, assuming the number of investigations completed in FY 17 is 141 (the average of the past 3 years and applications to date in the current year), the maximum revenue generated is $$21,150 (141 \times $150 \text{ maximum fee})$. To the extent Department of Public Safety and Corrections - Corrections Services may assess or charge a fee in an amount less than \$150, revenues would decrease accordingly.
