HOUSE CONCURRENT RESOLUTION NO. 180

BY REPRESENTATIVE HONORE AND SENATOR BROOME

A CONCURRENT RESOLUTION

To create the Louisiana Law Enforcement Body Camera Implementation Task Force to study and make recommendations regarding the requirements for implementation and development of best procedures for the use of the body cameras and policies for access to and use of body camera recordings by law enforcement agencies in this state, and to provide for a written report of its recommendations and findings not later than sixty days prior to the 2016 Regular Session of the Louisiana Legislature.

WHEREAS, in order to safeguard the public and peace officers of this state, it is vital for local peace officers and the communities they protect to have strong, collaborative relationships; and

WHEREAS, trust between law enforcement agencies and the citizens they serve is essential to the stability of communities, the integrity of the criminal justice system, and the safe and effective delivery of public safety services; and

WHEREAS, the implementation of the use of body cameras by all law enforcement agencies will assist in preventing and resolving complaints brought by members of the public against peace officers, strengthening law enforcement transparency, performance, and accountability, and the documentation of evidence; and

WHEREAS, the use of video footage might discourage citizens from filing unfounded complaints against officers, which could save the agencies a significant amount of time and funds that would otherwise be spent on lengthy investigations and lawsuits; and
