All procurement documents issued by the department and the office of Louisiana highway construction, respectively, including the NOI and RFP, shall indicate whether a single award or multiple awards will be made. Materials separately acquired by the department or office of Louisiana highway construction may be provided to contractors for use under and as a condition of any ID/IQ contract.

E. Procurement and award of ID/IQ construction contracts shall meet the following requirements

(1) Single award ID/IQ construction contracts procured on a low-bid basis may be advertised and awarded using one of the following methods:

(a) In accordance with R.S. 48:252 and 255 for award to the lowest responsive and responsible bidder; or

(b) In accordance with the advertisement and award procedures set forth in this Section.

(2) Multiple-award ID/IQ construction contracts may be procured on a low bid or best value basis, as determined by the department and office of Louisiana highway construction, respectively. Such procurements shall be conducted in accordance with applicable Louisiana public bid and procurement laws including the requirements for advertisements and the procedures set forth in this Section.

(3)(a) The procurement of any multiple-award ID/IQ construction contract or a single award ID/IQ construction contract not advertised and awarded pursuant to R.S. 48:252 and 255, shall commence with the department and the office of Louisiana highway construction, respectively, issuing a "notice of intent" (NOI) through advertisement on their designated webpages to request letters of interest (LOI). The NOI shall be advertised for at least ten business days prior to the deadline for submission of LOI and shall include a description of the ID/IQ services to be procured. The department and the office of Louisiana highway construction may also readvertise the NOI using additional media or publications and may readvertise as necessary if the number of responses received is deemed insufficient to ensure adequate competition."

(b) After the deadline for submission of LOI for a single-award or multiple-award ID/IQ construction contract, the department and office of Louisiana highway construction shall issue a Request for Proposals ("RFP") to all contractors that submitted an LOI. The RFP shall include instructions for proposal preparation and submission, a description of the evaluation methodology, and shall comply with the requirements of this Section.

(c) Bid bonds in accordance with R.S. 48:253 shall be specified in the department and the office of Louisiana highway construction's standard specifications or special provisions. The department and the office of Louisiana highway construction may waive the requirement for bid bonds for procurements under this Section.

(4)(a) The assistant secretary for project delivery, with the concurrence of the secretary or designee, and the executive director of the office of Louisiana highway construction, respectively, shall establish an evaluation committee for evaluation of proposals received in response to the RFP. The evaluation committee may, in its discretion, be assisted by other departments and office of Louisiana highway construction personnel and external advisors in the evaluation of the proposals.

(b) The evaluation committee shall evaluate the proposals and make a recommendation of award to the secretary and executive director. The secretary, executive director, or their designees, shall make the final determination of award.

(5) Prior to issuing a work order under a multiple-award ID/IQ construction contract, the department and the office of Louisiana highway construction, respectively, shall solicit competitive responses from the contractors awarded ID/IQ contracts under the solicitation in accordance with procedures set forth in the ID/IQ construction contract. The procurement documents or contract shall state the procedures and selection criteria for issuance of work orders. Work orders shall be awarded on a competitive low bid basis, or, where permitted by applicable law and approved for use with federal funds, on a best value basis in which price is a significant evaluation factor.

(6) Proposals received by the department and the office of Louisiana highway construction and the evaluation committee's records, including the evaluation committee's findings, grading, score sheets, and recommendations, shall not be public records until the ID/IQ construction contract has been fully executed or the procurement has been cancelled. Following contract execution or cancellation, such records shall be subject to disclosure in accordance with applicable public records laws. Proprietary, confidential, trade secret, or otherwise protected information will remain exempt to the extent permitted by law.
