CHAPTER 3. AIRPORT AERONAUTICAL ZONING

§381. Authority of municipalities and parishes

For promoting safety or the general welfare of the community the governing body of all incorporated cities, towns and villages and of the parishes may shall promulgate, administer, and enforce airport zoning regulations limiting the height of structures and objects of natural growth and otherwise regulate the use of property in the vicinity of airports and landing fields. Any regulations adopted shall comply with any United States Department of Transportation, Federal Aviation Administration, advisory circular, order, regulation, safety guideline, recommendation, or other official document in order to ensure aviation aeronautical safety and compatible land use.

§382. Declaration of effect of airport aeronautical hazards

It is hereby found and declared that an airport aeronautical hazard endangers the lives and property of users of the ~~airport aeronautical facilities~~ and of occupants of land in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for landing, taking-off, and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport aeronautical facility or landing field and the public health, public safety, or general welfare.

§383. Airport Aeronautical zoning regulations by parishes, cities, towns, villages and other political subdivisions

Every parish, incorporated city, town, village, or other political subdivision may shall adopt, administer, and enforce under the police power and in the manner and upon the conditions prescribed, airport zoning regulations for any airport aeronautical or landing field within its jurisdiction, which regulations shall divide the area surrounding the airport aeronautical facility or landing field into zones and within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow. In adopting or revising any such zoning regulations, the political subdivision shall consider, among other things, the character of the flying operations to be conducted at the airport aeronautical facility or landing field, the nature of the terrain, the height of existing structures and trees above the level of the airport aeronautical facility or landing field, the possibility of lowering or removing existing obstructions, and the views of the agency of the federal government charged with fostering of civil

aeronautics, as to the aerial approaches necessary to safe flying operations at the airport aeronautical facility or landing field.

§384. General zoning ordinances; effect or scope; joint boards; extent of jurisdiction of political subdivisions; reasonable regulations

A. In the event that a political sub-division has adopted, or hereafter adopts, a general zoning ordinance, regulating, among other things, the height of buildings, any airport aeronautical zoning regulations adopted for the same area or portion thereof under this Chapter, may be incorporated in and made a part of such general zoning regulations, and be administered and enforced in connection therewith, but such general zoning regulations shall not limit the effectiveness or scope of the regulations adopted under this Chapter.

B. Any two or more parishes or other political subdivisions may agree, by ordinance duly adopted, to create a joint board and delegate to said board the powers herein conferred to promulgate, administer, and enforce airport zoning regulations to protect the aerial approaches of any airport aeronautical or landing field located within the corporate limits of any one or more of said political subdivisions. Such joint boards shall have as members two representatives appointed by the chief executive officer of each political subdivision participating in the creation of said board and a chairman elected by a majority of the members so appointed.

C. The jurisdiction of each parish or other political subdivision is hereby extended to the promulgation, administering and enforcement of airport zoning regulations to protect the approaches of any airport or landing field which is owned by said parish or other political subdivision but located wholly or partially outside the corporate limits of the parish or other political subdivision. In case of conflict with any airport aeronautical zoning or regulations promulgated by any other parish or other political subdivision, the regulations adopted pursuant to this sub-section shall prevail.

D. All airport aeronautical zoning regulations adopted under this Chapter shall be reasonable and none shall require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any non-conforming use, except as provided in R.S. 2:385A.

§385. Permits; variances; obstruction marking and lighting

A. Permits. If airport aeronautical zoning regulations are adopted a system shall be established by any political subdivision for the granting of permits to establish or construct new structures and other uses and to replace existing structures and other uses or make substantial changes therein or substantial repairs thereof. In any event, before any non-conforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit shall be secured from the administrative agency authorized to administer and enforce the regulations, authorizing such replacement, change, or repair. No such permit shall be granted that would allow the structure or tree in question to be made higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted; and whenever the administrative agency determines that a non-conforming structure or tree has been abandoned or more than eighty percent torn down, destroyed, deteriorated, or decayed: (1) no permit shall be granted that would allow the structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations; and (2) whether application is made for a permit under this Subsection or not, the agency may by appropriate action compel the owner of the non-conforming structure or tree, at his own expense, to lower, remove, reconstruct, or equip such object as may be necessary to conform to the regulations or, if the owner of the non-conforming structure or tree shall neglect or refuse to comply with such order for ten days after notice thereof, the agency may proceed to have the object so lowered, removed, reconstructed, or equipped and assess the cost and expense thereof upon the object or the land whereon it is or was located. Unless such an assessment is paid within ninety days from the service of notice thereof on the agent or owner of such object or land, the sum shall bear interest at the rate of ten percent per annum until paid, and shall be collected in the same manner as are general taxes. Except as indicated, all applications for permits for replacement, change or repair of non-conforming uses shall be granted.

B. Variances. Any person desiring to erect any structures, or increase the height of any structure, or permit the growth of any tree,

or otherwise use his property, in violation of airport aeronautical zoning regulations adopted under this Chapter, may apply to the board of appeals, as provided in R.S. 2:386 for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the regulations and this Chapter.

\* \* \*

§386. Procedure for adoption and administration of regulations; appeals

A. Adoption of zoning regulations. No airport aeronautical zoning regulations shall be adopted, amended, or changed under this Chapter except by action of the legislative body of the parish or other political subdivision in question, or the joint board provided for in R.S. 2:384(B) after a public hearing in relation thereto, at which parties of interest and citizens shall have an opportunity to be heard. At least thirty days' notice of the hearing shall be published in an official paper, or a paper of general circulation, in the political subdivision or subdivisions in which the airport or landing field is located.

B. Administration of zoning regulations—Administrative agency. The legislative body of any political subdivision adopting airport aeronautical zoning regulations under this chapter may delegate the duty of administering and enforcing such regulations to any administrative agency under its jurisdiction, or may create a new administrative agency to perform such duty, but such administrative agency shall not be or include any member of the board of appeals. The duties of such administrative agency shall include that of hearing and deciding all permits under R.S. 2:385A, but such agency shall not have or exercise any of the powers delegated to the board of appeals.

C. Administration of airport aeronautical zoning regulations; board of appeal. Airport zoning regulations adopted under this Chapter shall provide for a board of appeals to have and exercise the following powers:
